BLACK SYSTEM ANTHOLOGY

VOLUME 1

ENGLISH

Bronzage Assisté par Ordinateur (Computer Assisted Tanning)
Tan smart with this BAO software from the Black System laboratories.

Collseum
Veripide has found a way to get to the gates of Olympus. Zeus, to judgment, locked him in a temple. Veripide must destroy all the bricks to go from one room to another and finally escape.

Dark Power
The wonderful city of Andropolis is under the yoke of bloodthirsty invaders in the Beltor constellation. As Captain G. Brennus, go on site controlling your new PJ-4 fighter.

Fireland
You are Hedick Ben, a young adventurer. Rid the Fireland valley of Blaze, the despotic magician. A perilous quest awaits...

Flèche (Darts)
Avec 35 fléchettes, tentez de battre le meilleur score dans la limite du temps imposé.

Fruity
Big trouble for Fruity! Help him to pick up the fruits scattered in 10 mazes in a limited time while escaping monsters.

Good Moon
The shortage of pixelium paralyzes the bionuclear power plants. The government charges you to get samples on the moon for future exploitation. Collect samples and load them one at a time in your shuttle.

Megawar
Save the galaxy from warlike alien hordes that attack you relentlessly in waves but take care of your fuel level!

Pirate
You are the famous pirate Bourgabarbe. You have stormed a ship. Collect all 7 chests of gold and carry them in your landmark.

R.D.I
Iris the giant monster destroys everything in its path. Space Police charges you to join the 7th system to destroy this evil off-the-law.

Samurai
You are Lengi Kadomi, brave samurai. Dachine, lord of the province of Mitala, charges you to steal the magic katana located in a temple in the northwest of the province...

Schuss
Make the highest score in the monstrous ski race of Gilbertville. No less than 120 tags await you.

Skywar
A scientist has been abducted by terrorists from San Carlos. Using your helicopter, battle your way through the naval and air forces. Next, arrived in the lush jungle, gun in hand, you'll face the soldiers of the San Carlos to find the professor.

Venusis
Sole survivor of a galactic conflict, try to escape the imperial hordes to reach the planet Venusis.

HOW TO PLAY
Use your joystick or the cursor keys and spacebar to play. In most games, the "RETURN" key pause the game and the "ESC" key abort the current game.
